4. Comments

The HASC and the RDA Evaluator contract went to go to the Board of Supervisors for approval on January 26, 2016 and both were approved on that date. We are currently in the implementation phases with HASC and we are aiming for services to be delivered in late April or early May. HASC is currently in the process of establishing subcontracts with each of the hospitals participating in the grant and they are actively recruiting and hiring personnel for this project. The Peer Mentor Agreement went to the Board of Supervisors on October 6, 2015 with a contract start date of November 1, 2015. This contract began providing services on January 19, 2016 at the County Crisis Stabilization Unit (CSU), providing linkage and peer support services, and will provide the same services for hospitals once the HASC Triage Grant services get up and running. The Triage Grant Psychiatrist Contract was approved by the Board and effective July 1, 2015. Implementation of the Triage Grant funded portion of the Agreement is pending the HASC Agreement implementation as the psychiatrists will serve the Triage Grant participating hospital emergency rooms. We are still waiting to hear from HASC regarding which hospitals desire the Psychiatrist Triage Grant component in their emergency rooms. We are currently working with our Evaluator, RDA, on defining the reporting and program effectiveness elements and workflow.
